Coloring Medieval Times: Featuring The Artwork Of Celebrated Illustrator Levi Pinfold (PicturaTM)

Synopsis

Pictura showcases a stunning range of art to collect and admire and encourages beginning to advanced artists to put their own stamp of creativity on the artwork by coloring it in. Its unique accordion foldout format makes it an attractive decorative piece that can be displayed and shared with others. Some of the world's most famous and respected illustrators set the foundation of the artwork by creating beautiful, original, and imaginative scenes. It is up to the individual to color in these spectacular settings, enhancing the scenes and adding their own personal touch. Coloring Medieval Times features the unique art of talented and renowned artist Levi Pinfold, whose mastery of fine lines creates accurate forms dense in detail and full of character. Through his intricate and humorous artwork, Levi depicts the historic Festival of Fools, showing different townsfolk going about their day. On the flip side of the panel, artists can learn about the main cast of characters and try their hand at drawing their own medieval character. With so many details packed into an 8-panel display, Coloring Medieval Times invites artists to engage in their creative abilities and discover a world filled with tomfoolery and humor.

Levi is a critically acclaimed author and illustrator of books for both children and adults. He was born in the Forest of Dean, studied at University College Falmouth, and now lives in Brisbane, Australia, with his girlfriend and Howard the lizard. He is currently working on his next children's picture book, Vegetables.

This coloring book just awesome and certainly one of the most beautiful and clever books of this kind that I have ever seen. I have viewed some of the panels being colored in online groups and can't wait to start my own book. Yes, it will take some work, but it is exciting to see something of this quality. No kid's stuff in this book. It is truly adult coloring.

Another enjoyable piece. The level of detail is great. I keep finding more things every time I either look it over or color a section in. I do some natural fiber crafts and am coloring the villagers in wonderful colors that they would have been able to produce.

This accordion book is absolutely amazing! The illustration is beautiful and I love that it pulls out to be one big panoramic picture. There is so much detail you really feel like you are looking at a busy medieval street. My husband and I have enjoyed coloring it in and it is something that we be coloring for a while, it is well worth the price. This is the first in the series of books like this. I definitely will be purchasing some of the other titles as well.

I love coloring

Not a single bad thing to say. Love!!

I cannot wait to start this one. I've started one of the others in this collection. This one is one of my favorites!

I love the old medieval street activity portrayed in the 8 panel coloring book. I wish all the coloring books provided as much detail as this one does. I purchased two more, one for a neighbor and one for my grandchild.

This coloring book is great! I love coloring in it, watching the way it turns out and changing things if I want to. I do love Medieval times in books to read and to color.
