## Customer Reviews

Fangoria Vampires is the best compilation of vampires up until its publishing date of 1996. Truth to tell, there haven't been very many vampire films of note since that time so this compilation is all you'll ever need to find out about the most well known examples of the vampire genre.

Encapsulating the bloody best of Fangoria in this splendid tribute to vampires was a hard task to do, but the editors seem to have pulled it off and given you something to really get your teeth (or fangs!) into.
