## Customer Reviews

About BerlitzFor more than 125 years, Berlitz has been the most trusted name in language learning. Berlitz was built on the principle that language skills are best acquired through conversation, with a focus on real-life situations. Today, we offer self-study audio language programs, phrasebooks and dictionaries in more than 30 languages for children and adults. With more than 450 language schools in over 60 countries, Berlitz has taught millions how to speak another language.

I was expecting more conversation/phrases and less listening exercises that coordinate with the book. Not as "Advanced" as I had hoped, but it is still good practice. I was looking for something I could listen to while in the car, but I guess its the best German audio CDs I have found so far for a decent price.

I had 4 years of German in High School. Emphasis was on German literature. We really never learned how to speak German so that we could actually converse with Germans. The Berlitz series gets right into conversation. You learn the vocabulary and hear Germans speaking. It is not easy and you must work at it, but you can learn!

Just what I wanted, I finally got around to looking at it.

simply the best! wirklich!
