Customer Reviews

"When I buy a guidebook, I usually look for the Frommer's \$ a Day budget guides —Washington D.C. from \$80 a Day, Paris from \$95 a Day, etc. Why? Well, mostly because I'm a creature of habit. I started buying the Frommer's and Let's Go guides years ago because they focus on budget travel. Let's Go is great for backpackers and those on a really tight budget. Frommer's is a bit more mature but still budget-minded (think hotels rather than hostels), and I like their "Suggested Itineraries" section and their maps (Frommer's maps are among the best). But now that there are so many other guidebooks to choose from, I buy Frommer's mostly because I can be in and out of the store in minutes rather than hours and I know I'll come home with a reliable guide. Then, just this past month, everything changed . . . I discovered something new . . . You see, when I went to the bookstore to pick up guidebooks for my upcoming honeymoon, I got an idea . . . Why not, I thought, buy five different guidebooks (from five different publishers) and compare them to find my favorite. So that's what I did. I bought one brand for each stop and then, on my way out, I

saw a little Paris guide I'd never seen (or heard of) before. So I picked that up too. (I go to Paris at least once a year so I can never have enough Paris guidebooks.) Here's what I found . . . and it surprised me: My favorite book of all for both pre-trip planning and on-the-ground support is The Little Black Book of Paris. The other guides I bought are all divided into sections this way: Where to Stay, Where to Eat, What to Do. But The Little Black Book of Paris is divided by area. And each area has its own fold-out map (which, to be honest, blows the Frommer's maps out of the water). While the guide doesn't have an entire history or culture section like most of the others do Lonely Planet, TimeOut, Fodor's, etc. it's well written and there's an overview of each area at the beginning of each section. I liked the guide so much I went back to the bookstore to buy more." --Lori Appling - The Travel Writer's Life Best Travel Series of the Year, 2008 "We select the Little Black Travel Books as our travel guide series of the year. The main reasons for designating these guides as best of the year are their portability and user friendliness. (The spiral binding allows the reader to keep the book open to a certain page.) Individual volumes are small enough to fit into a pocket, but in terms of helpfulness, they are twice their physical dimensions. The other reason these guides are so worthy of praise is the fact that each volume has a neat, tidy, and nicely detailed foldout map to the particular area under discussion. The chapters in each volume correspond to the geographical areas into which the authors divide the city for the tourist. Each chapter gives basics on places to see, available art, and entertainment venues, places to eat and drink, where to shop, and where to stay. You can study a range of guides before your actual trip, but this is definitely a commendable candidate for carrying with you on site." --American Library Association

Author Joanne Miller is a seasoned travel writer; she has written three Moon guidebooks, is a contributor to "Eyewitness" guides, "Travel Holiday," and other publications, and visits Hawaii frequently.

This is a cool little travel aid. I had a lot of fun planning out the day trips. The maps are actually not bad and pretty compact. I will buy more for my future vacations.

The Little Black Book has great info on both islands and really helped us have a great vacation. We used it on our KindleKindle Paperwhite 3G, 6" High Resolution Display with Built-in Light, Free 3G + Wi-Fi - Includes Special Offers. The zoom in on the Maps even worked.

this book is perfect travel size, but the part on kauai is very short. Unless your actually going to maui too...forget about buying this.

a really good little compact book....I will be reading most of it on the plane to Maui ! Many good ideas for activities in it !

I do not recommend this flimsy spiral bound little book. It was not worth the packing material it came in.

Short of going there this book gives you the best ideas of what, who, where, when and how to go.

Read it on the plane and it generated some ideas of what do do. Not tons of information but got the job done.

Book is vague about lot's of things but nice to have. It is outdated as well and not 2012 as it should be. More to come.
