Big Mushy Happy Lump: A Sarah's Scribbles Collection

Synopsis

Sarah's Scribbles, *Â* *Â* Goodreads Choice *Â* Award for 2016: *Â* *Â* Best Graphic Novels & Comics Sarah Andersen's hugely popular, world-famous *Â* *Â* Sarah's Scribbles *Â* *Â* comics are for those of us who boast bookstore-ready bodies and Netflix-ready hair, who are always down for all-night reading-in-bed parties and extremely exclusive after-hour one-person music festivals. *Â* *Â* In addition to the most recent *Â* *Â* Sarah's Scribbles *Â* *Â* fan favorites and dozens of all-new comics, this volume contains illustrated personal essays on Sarah's real-life experiences with anxiety, career, relationships and other adulthood challenges that will remind readers of Allie Brosh's *Â* *Â* Hyperbole and a Half *Â* *Â* and Jenny Lawson's *Â* *Â* Let's Pretend This Never Happened. The same uniquely frank, real, yet humorous and uplifting tone that makes Sarah's Scribbles so relatable blooms beautifully in this new longer form.

Customer Reviews

"... Comics So Relatable it Hurts: *Â* *Â* (BuzzFeed)"Hilarious illustrations that sum up the bonds of female friendship ... Sarah Andersen is known for capturing the good, the bad, and the downright hilarious parts of being a lady. (In) Big Mushy Happy Lump, she hits the nail on the head when it comes to female friendship." *Â* *Â* (Huffington Post)"You've probably seen Sarah Andersen's comics ... and you probably feel like Sarah Andersen has the uncanny ability to read your mind and then draw doodles of all your anxieties. *Â* *Â* Either way, her comics are

adorably awkward, and Big Mushy Happy Lump is a delightful collection ..."Â Â (Bustle)

Sarah Andersen is a young cartoonist and illustrator who lives in Brooklyn.

Sarah Andersen writes and illustrates the best relateable humor for adults, specifically millenials. She illustrates social anxiety to a tea. When demonstrating over-thinking, I had to laugh. As a shy adult with very low self-esteem, she presents situations everyone has been in and makes you laugh about them. I loved the inclusion of her personal essays taken from her real-life experiences with anxiety. Her bits on relationships, both in groups and in a romantic way were cute, yet again made you laugh. Having family members with social anxiety, I can see him/her in these strips and it actually helped me to understand their actions just a bit more. I am not sure if they would appreciate me giving them this book or not. It might make them laugh at themselves. the illustrations are great. They are scribbles, but the emotions are so easy to see. I love that Sarah is able to share all this with her readers. Of course the title itself says to much. To just cover up, dress however you want and me a Mushy Happy Lump with no expectations would be wonderful for many people even for short periods of time, but for someone with Social Anxiety, it would be the best. The publisher generously provided me with a copy of this book via Netgalley.

Very cute and funny book! Sarah is soooo talanted! I'm in love with her stories and art. It would make a perfect gift for every person - everyone can find itself on these page. And design of the book is cute too - so fluffy! Thank you, little sweater thief! I'm happy to have this book on my shelves.

Just like her previous book, "Adulthood is a myth", Sarah Andersen's new compilation of comics strikes right into my socially awkward heart. Her strips are as cute as they're funny, and easily relatable for people like me (though they're bound to be quite more relatable if you're a woman). Also, the cover is once again fuzzy, which I find ridiculously neat. The main difference between this book and the last one is that somewhere mid-point the comics start being more related to each other, falling into certain categories (such as Sarah's love for cats or her confessions about sweater thieving), and including her narration outside the strips. This is neither better nor worse than the previous approach, it's just different, but it's understandable for you to feel a bit down if you preferred the more randomized format of the previous book (or the previous section of the current book). Now go and order a dozen of these and spread them among all your friends and family.

I'm giving 4 stars because i think that her cartoon are awesome! I really relate to her! The only thing that i didn't like is that i was hoping to see brand new cartoon! But a few of them i have seen it published on Facebook so i'm feeling like i wanted more! Something that was very nice is the touch of her from the middle of the book, because she tell a little story of her and represent it with her draws... I feel it more personal and helps you to understand her as a person! I think should be read by people who is in it's twenties and early thirties! :) It's fun

Book is awesome funny, arrived fast, great price, some of the lettering on the cover was damaged before arrival, A.

Don't think I've ever related to anything so much in my life. As with the first book, I loved this. I literally laughed so hard that I cried. Page 14 killed me. Its nice to have these books on my shelf and read them when I need to laugh. Thank you, Sarah Andersen.

I read this right through last night, and I absolutely love this adorable book! Every piece Sarah has created can connect right to my life, and it makes me laugh at my own problems. Sarah is brilliant, and I am not a fan of hers!

"Big Mushy Happy Lump" is another great comic collection from the amazing mind of Sarah Anderson! I first fell in love with Sarah's Scribbles online and adored reading her first book, "Adulthood is a Myth". Needless to say, I was super excited to find out that "Big Mushy Happy Lump" was being released. If you love reading, understand the pain of social anxiety, or just want to laugh, this comic collection is for you. 10/10
