Customer Reviews

I have always love Yann Tiersen's compositions since seeing the movie "Amelie". A few years ago, this book was listed for \$80 on a different website, so I am VERY pleased to have spent \$33 via . The notes are a bit small, no numbers for finger positions on most pieces, so beginners are forewarned. I would consider this music advanced beginner to low intermediate. Haunting, lilting melodies. You can picture yourself in a sidewalk Parisian cafe as this music plays.

I first heard Yann Tiersen's Comptine d'un autre ete: l'apres-midi at a piano recital. I fell in love with the music and had to learn it myself. I am very pleased with this book except I am not thrilled with what I think was a stylistic choice on the part of the publisher to make the print very light and small.

On aging eyes this is not a good thing. I have many piano works of comparable and higher difficulty levels in which the notes are much easier to read. The music isn't particularly difficult - I would classify it as early intermediate - but a lot of the pieces require a fairly significant finger span so small hands will not be able to play these pieces.

I love this book. I'm not the best pianist. It takes me a long time to learn a song. Tiersens music is repetitive and that makes it easier to learn. This book has easy songs (easy if you're somewhat experienced) and more difficult songs. They're all beautiful. My one complaint is that as I was listening to some of the songs off YouTube deciding what I wanted to learn first the music is not always exactly the same. But it would be easy to write in the changes or improvise if you wanted it to be exactly as you heard it. Otherwise they're still beautiful songs to play as written.

I was hoping that the written music was at least close to the performance version by Yann himself. And this is! Right on the money! It's all there to learn...all you need to add is your own expression and tempo modification if you wish. Nice book!

Excellent sheet music and very true to the recordings. Very nice compilation & easy to play for intermediate pianists on up. Also very adaptable for the accordion that Tiersen is known for as well. If you're a fan of the Amelie movie soundtrack, this is the book for you.

Do yourselves a favor and buy this book! This is the composer from the piano music in the French movie Amelie (also watch this movie if you haven't yet). Music is beautiful, I'd say intermediate/advanced.

Beautiful, and easy to play. I'd say they are intermediate-level. I probably play them slower than normal, but they still are beautiful!

Purchased this for my wife and she loves it. Great book of the best known songs by Yann Tiersen. Beautiful, and quite easy to play.
