# The Egyptian Book Of Living & Dying: The Illustrated Guide To Ancient Egyptian Wisdom

## **Synopsis**

In addition to their astonishing legacy of artifacts and burial sites, the ancient Egyptians also produced a rich body of writing about the quest for immortality. The Egyptian Book of Living and Dying traces humankind's progress from birth to death to the mysterious realm of the afterlife, with this mortal cycle set against the eternal backdrop of the cosmos: the gods, the movement of the sun, the symbolism of the stars, and the great battles of Horus and Seth. In particular, the Book of the Dead emphasizes the hazardous voyage of the soul as it makes its way through the Underworld in search of the eternal paradise. This illuminating work will help bring readers one step closer to the spirit of the ancient Egyptians.Â

## **Customer Reviews**

"This book is a testament to the extraordinary intelligence and inventiveness of one of the great religious systems of history." The Good Book Guide, 2002 --This text refers to an out of print or unavailable edition of this title.

Joann Fletcher, Ph.D., lectures at the University of York and is Egyptologist for Harrogate Museums and Arts. Archaeology writer for The Guardian, she has received acclaim for her TV documentaries. Previous publications include Ancient Egypt (Watkins, 1999) and Egypt's Sun King (Watkins, 2000).

The book is in excellent shape, but is a smaller version of the one I wanted. The print is so small that it is very difficult to read.
