Taoism (Religions Of The World)

Synopsis

A Chinese mystical philosophy, Taoism was founded by Lao-tzu in the sixth century B.C. Taoism is a way of life promoting the Tao as a force that flows through all sentient beings. When the Tao is in balance, perfect happiness is possible.

Customer Reviews

Although he is listed as a Phd. here, don't let William Cully Allen's prior credentials fool you into thinking he is a decent human being. He no longer works as a teacher at Temple University because he was fired for sexual indiscretions with students and excessive drug use. The truth is that Mr. Allen has abused many drugs over the years and, by his own admission, has been using the drug crack cocaine for more than a decade. I strongly implore anyone with a sense of morality to avoid purchasing this book or endorsing William Cully Allen in any way. When I spent time with him in Varanasi, India he related many personal stories about sleeping with prostitutes abroad, some of whom were undoubtedly underage. Considering this along with his known habit of cheating on his wife with students at Temple University and a rather disgusting character portrait begins to emerge. The fact is that William Cully Allen is a predatory and selfish individual who does not care for anything other than gratifying his egoistic and animalistic urges. He is currently on the run in India and we can only hope that his luck (along with his dwindling supply of money) soon runs out and that he is forced to accept the consequences of his destructive actions.
