What We Believe We believe that travel leads to a deeper cultural understanding and compassion and therefore a better world.

The book provides lots of valuable information. After reading it we decided to forego the Fiji stop and just add that time to our New Zealand trip. Glad I read this in the early trip planning stages.

I went to Fiji for 2 weeks with our kids using this book. It all worked great. I love the LP books for their candor and really information. they tell you what is good and what is not so good. We found all the information to be accurate and complete, even though the book is not too big.

If you're going to Fiji, this is the book for you. This recently updated guidebook is very comprehensive and provides excellent information on Fiji. I strongly recommend also buying the Fiji map, too.
