# Clinical Cases In Early Orthodontic Treatment: An Atlas Of When, How And Why To Treat

## Synopsis

This book describes the most common types of malocclusion in children and presents illustrated step-by-step guidance on the procedures employed in their management, with the focus on early intervention. Advice is provided on the challenging decisions of when to start orthodontic treatment and whether to choose a one-phase or a two-phase treatment, taking into account the malocclusion, its severity, and its etiology. Among the topics addressed in individual chapters are the treatment of atypically rotated central incisors, early management of periodontal problems, correction and maintenance of the position of the first upper molar, early treatment of class II and class III malocclusions, use of lingual brackets, management of dental asymmetries, and the Bennun-Harfin protocol for interdisciplinary oral cleft treatment. The most important controversies in early orthodontic treatment are also discussed in detail. The book is enhanced by numerous clinical photographs and presentation of long-term results. It is written by the most experienced team of doctors in the field and will be a valuable asset for all who specialize in odonto-pediatric and orthopedic-orthodontic treatments.

## Book Information

Hardcover: 351 pages

Publisher: Springer; 1st ed. 2017 edition (August 2, 2017)

Language: English

ISBN-10: 3319462504

ISBN-13: 978-3319462509

Product Dimensions: 8.3 x 11 inches

Shipping Weight: 2.6 pounds (View shipping rates and policies)

Julia Harfin is Professor and Chair of the Orthodontic Department at the School of Dentistry, MaimÃ¶nides University, Buenos Aires, Argentina. Dr. Harfin has served as the president of various organizations: the Argentine Society of Orthodontics (1990Ã¶ –â œ6), ALADO (1999Ã¶ –â œ2008), the Argentine Chapter of the International College of Dentists (1997Ã¶ –â œ2001), the Argentine chapter of the Pierre Fauchard Academy (1992Ã¶ –â œ1993), and the International College of Dentists Section IV (2010Ã¶ –â œ2). She was a member of the Executive Committee of the World Federation of Orthodontists from 2000 to 2010. She is an Honorary Member of the Argentine, Chilean, and Polish Orthodontic Societies and in 2010 became a member of the National Academy of Dentistry. Also in 2010 she was named Woman of the Year in Medicine and Healthcare. Dr. Harfin is the author or editor of several previous books, including *Achieving Clinical Success in Lingual Orthodontics* (Springer, 2014). Somchai Satravaha is Clinical Associate Professor at Mahidol University, Bangkok, Thailand and a Diplomate of the Thai Board of Orthodontics. She received her DDS (Hons) from Chulalongkorn University, Bangkok and later earned the qualification of ZahnÃ¶rztin fÃ¶r KieferorthopÃ¶die (Orthodontist) from Baden-WÃ¶rttemberg, Germany and Dr. med. dent. (magna cum laude) from Munich, Germany. Dr. Satravaha served as an executive committee member of the World Federation of Orthodontists from 2005 to 2015 and is a past president of both the Thai Association of Orthodontists and the Asian Pacific Orthodontic Society. She received a Lifetime Achievement Award from the Thai Association of Orthodontists in 2013 and was a recipient of an Outstanding Alumni Award from Chulalongkorn University Dental Alumni Association in 2014. She is an honorary member of the Association of Philippine Orthodontists and current president of the Advisory Board of the Thai Association of Orthodontists. Kurt Faltin Jr. has been Full Professor in Orthodontics at the University Paulista Ã¶ UNIP, SÃ¶o Paulo, Brazil since 1982, where he is currently

Chairperson of the Department of Orthodontics. He was previously Full Professor in Orthodontics at the University of Mogi das Cruzes, Brazil (1971–1986). Dr. Faltin is also an Invited Professor at the Facial Orthopedic Department at the University of Ulm in Germany. He is current President of the Brazilian Association of Orthodontics and Facial Orthopedics, and past president of ALADO and member of the Executive Committee of the World Federation of Orthodontists. Dr. Faltin is an Honorary Fellow of the German Association of Orthodontics (Deutsche Gesellschaft für Kieferorthopädie) and of the Orthodontic Societies of Peru and Mexico. He teaches in the main orthodontic societies within and beyond Brazil and is the author of numerous scientific papers and book chapters.
