# This Train

## Synopsis

A concept book for the youngest of train lovers. All aboard! This is one train book you don't want to miss. Using a refreshingly simple approach, Paul Collicutt has crafted the perfect book for young railroad enthusiasts. Each page features a vividly colored and detailed painting of a train, and the spreads show how they are different -- long and short, fast and slow, old and new. As a bonus, full-color endpapers feature captioned renderings of real-life engine models from all over the world that were the inspirations for the trains depicted throughout the book.

## Book Information

Age Range: 3 - 6 years

Lexile Measure: 140 (What's this?)

Board book: 28 pages

Publisher: Farrar, Straus and Giroux (BYR); Brdbk edition (June 21, 2016)

Language: English

ISBN-10: 0374377197

ISBN-13: 978-0374377199

Product Dimensions: 6.9 x 0.6 x 5.6 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 4.9 out of 5 stars 15 customer reviews

Best Sellers Rank: #123,217 in Books (See Top 100 in Books) #49 in [Books > Children's Books > Early Learning > Basic Concepts > Opposites](#) #126 in [Books > Children's Books > Cars, Trains & Things That Go > Trains](#) #166 in [Books > Children's Books > Early Learning > Basic Concepts > Colors](#)

## Customer Reviews

"Trains in fiesta-bright hues zip through a picture book debut that uses the iron horse to demonstrate simple opposites and contrasts. Young train aficionados will appreciate the impression of speed and power Collicutt achieves," said PW. Ages 3-6. Copyright 2001 Cahners Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

PreSchool-Collicutt presents pictures of an international assortment of trains: Japanese, Italian, Dutch, Canadian, French, and North American. Simply worded, sparse text printed in large letters provides commentary on the vivid paintings. Each pair of illustrations on facing pages contains a concept, ranging from the basic ("This train is yellow. This train is red") to the sophisticated ("This

train runs on steam. This train runs on electricity"). The bright, full-color art is simple and bold, and the endpapers give the name and country for each model featured. This title accomplishes many things: it's a concept book for preschoolers, a beginning reader, and a source of information for primary-grade train fans. This very successful presentation concentrates on the vehicles themselves, excluding the people who run and ride them. For a human connection, try Evelyn Clarke Mott's *Steam Train Ride* (Walker, 1991). Liza Bliss, Worcester Public Library, MA Copyright 1999 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

Nice little book! I don't like it quite as well as "This Plane" but that's probably because I'm not really into trains. My son seems to like both books very much.

Had to replace my worn-out copy.

My son loves this book, this is his second copy because he played with the first one til it lost some pages. The colors are beautiful and the trains seem to come off the page. It was just what he wanted a train book.

Simple book, great pictures, been a classic for our family through 2 kids now

My three-year-old son loves the Paul Collicutt books! He loves all the different vehicles each book covers, and the contrasting concepts of each page help introduce and teach different types of trains and their function. He has read this book over and over so much that he can now "read" it from cover to cover by himself!

Great for children who love trains and who are starting to read. I originally got the book at the library. He cried when I had to take it back, so the decision was made to purchase it! offered the book for a great price! I have a happy boy once again!

Loved it!

Our son loves this book. He has it memorized!
