I use the Azar series with all my students and private clients. Clear definitions, great visuals, and lots of practice exercises.

Good

I like that it has answers. So you can study or you can use it for teaching and use the key answers at the end.

Likes new

good

it's not clean and it's not like new

The book was considered as Good before I buy it. Actually, after I've received it, it looks under acceptable level. A lot of pen writing inside the book besides some scratches. Also, the book is mostly worn out.

I bought this book to help me with my english class, i am in a high intermedium level and i got this book to review the basic of grammar .. was very helpfully-- very clear with the program and the examples...I would totally recomend this book for anyone who needs to increase their english skill.The shipping arrived 1 day ealier... that was awesome!
