Synopsis

This new edition contains all the background and practical information you'll need to make the most of your visit to the Mascarenes. Mauritius, in particular, has become a dream holiday destination, especially popular with honeymooners and couples wishing to tie the knot on a classic white sand beach. It is easy to see why: luxurious hotels, a tropical climate, a glorious coastline, excellent diving and fascinating flora and fauna combine to make this island idyllic.

A splendid treasure house of practical, historical and geographical information. A Sun International, Mauritius. [The author has] combined her keen exploratory, natural history and cultural insight with a wealth of practical information. Silhouette, Air Seychelles inflight magazine. Mauritius, Rodrigues, Reunion has good historical background and useful practical information. The Sunday Telegraph.

Alexandra Richards lived on Reunion. She now lives and works in Australia.

I'm in Mauritius for close to two months for work. I've been able to check much of what this book says with locals with whom I work. At best the book's descriptions of places and activities lack detail, at worst they are flat out wrong. Wait for the new Lonely Planet addition (Jan 2014) or just do

your research online before you get here.

Great For my French Class
