Customer Reviews

Department of Pathology, Microbiology & Immunology, UC Davis School of Veterinary Medicine, Davis, CA, USA
Director-Virology Laboratory, Animal Health Diagnostic Center, College of Veterinary Medicine, Cornell University, Ithaca, NY, USA

I ordered a new book... It was obviously not a new book, but it was in good condition when I received it.

Super duper, works great!

I used this book in my veterinary virology course. It was a great reference when I needed to fill-in the gaps and had just the right amount of information. Good coverage of all the viruses we went over in class. Textbook was very readable. Recommended.
