Customer Reviews

Just looking at the beautiful photography. I originally got this book for a party I planned to have, but a school event ruined that idea. Anyway, the photographs are beautiful, and the recipes look marvelous. Some you could have any time of year, even with the same names. Check this out! Really great ideas for shots and shooters!

Fun recipes that can carry through the year. The photography is beautiful and the tools and techniques chapter is worth the money in itself. Ms. Loughlin creates the best names for drinks! Her creativity and zest for crafting drinks that pack a punch. Love that she gives insight into the drinks after the recipe...helps me to know what I might and might not like about the shot. I'm using these recipes as actually drinks for myself- shots for football games and having a Girls' Night In!

Great treats and tricks for drinks on Halloween (or any other night that needs something scary (try the Blood Stain and/or the Bloodied Brains) and delicious (like the Devil's Kiss)). There are shooters in this book that can easily slip from Halloween to NYE to Valentine's to becoming a year-round drink.

The recipes and pictures were great in this book. I am always looking for different drink recipes that will wow my friends and family. This book will defiantly help me. I look forward to receiving her other book book Cocktails with a Tryst!!

A lot of fun and different shots to try!

Great recipes followed by an informative description. I like that the drinks use easy to find liquors. Fabulous photographs are inspiring as well. Fun ideas for Halloween. Can't wait to try these drinks!

Scary good! If you want to be scared ...this is the best way to do it!Bottoms up! For a thrilling ride! ;]

I'm a bartender and it had some really neat recipes for my Halloween party!
