I was looking for info on making pizza and this book was a big help. This book got me started on a wonderful path to making excellent pizzas. The suggestions throughout the book are great for beginners! Very informative with all the advice necessary to make great pizzas.

This ebook contains quite a few interesting recipes, but some of them are unclear due to the lack of pictures. Without pictures, it's not very useful. Deleting. Also, this ebook would benefit from having an editor do a quick grammar check.
