Drama Girls: A Lesbian Romance

Synopsis

The church girl and the drama geek. Two wildly different worlds come together as two girls fight for love!
Chloe: I tried to be good. Go to church. Stay out of trouble. They told me to avoid temptation when I got to high school, but that was before I met Sarah. Now I'm dealing with scary new feelings and doing things I never could've imagined a year ago. Starring in a play. Standing up to my youth pastor. Kissing a girl. My whole world has been turned upside down, and I think I love it!
Sarah: I figured love was something that'd have to wait for college when I came out. Girls who are into girls were in short supply in our small town. Then I met Chloe. Sweet. Innocent. Beautiful. Totally unaware that she's into girls. Don't get involved with church girls. Too much baggage. Too much crazy. It was a good rule to live by, but Chloe's breaking down all my barriers and making me break all my rules!
The quiet church girl discovering her sexuality and the out and proud drama geek who's falling for her. Can they overcome their differences for a chance at love?

Customer Reviews

So I am a huge fan of Mia Archer. She makes you invest in her characters and storyline and keeps you coming back. Since discovering her a month ago I've already read and purchased several of

her books ! This one however, was my favorite. Being bisexual with a religious upbringing similar to the character Chloe, this book made feelings come up I had put away. It will make you laugh, it will make you cry, and most importantly it will make you think. I loved loved loved this story and don't want to give away any spoilers but I can say if your hesitant, then don't be. I also love that all her stories are given from both main characters points of view, so you really feel involved. Mia Archer is an incredible author, and all of her books are worth a read. Great job with this one !

This story is rather nostalgic for me. Much of my high school years were split between church youth group and drama club. I brought a few of my friends from drama with me to youth group even. My experiences were from a long time ago and not in a really strict denomination, but I had many friends who were defying their church rules when we went to see movies together or to the school dance. By high school I stopped wondering if they worried about it when we were in drama club together. In addition to the fond memories, I enjoyed the strong characters, excellent chemistry, and wonderful use of historical perspective Mia Archer employed in "Drama Girls". Also, as with many of her recent YA novels, there is a strong sense realism to the story that makes it seem more special. It just seems grounded in a personal truth on a deep level, even if the events and characters are entirely fictional. I've always enjoyed Mia's writing, but I feel lately I've enjoyed it even more. I received an ARC copy of "Drama Girls" in exchange for a fair and honest review.

Wow. This might be my favorite story yet by Mia. She bravely tackles the religious side of the LGBT struggle with class. I thought the story itself was wonderful.

I loved this book. It was so sweet and endearing. The characters were likeable and the story was fun. I recommend this book to anyone looking for a little levity with some seriousness thrown in.

I enjoyed this book about young love... Sarah & Chloe are so brave... standing up to an out of control bigoted Pastor & being brave enough to take a chance on love ... on a stage!!! A great read!!

I liked it

God what a waste of my time. How many times is Chloe gonna blush. I'm so sick of these blushing snowflakes

Always a great story from this author. Looking forward to the next one
