Excellent value, and can keep young children entertained for a few minutes. Now these books are

small--but that's kind of the point of these book, I think. They're portable, easy to throw in a briefcase or purse or back of the car, and handy to give to children at the doctor's office waiting room, or in an airport, or on a car trip, or at a restaurant waiting for food, or really, just anywhere where you want to have a short educational (or semi-educational) activity. And I gotta admit, I like that this is an "un-plugged" option. Not on a phone or tablet or screen--just a good old-fashioned book with simple activities, vivid illustrations, and things to *do*--that is, an active, tactile experience--even if the activities are quite simple (like peeling stickers). We don't leave home without a few of these. (Just be prepared, if you haven't ordered these before, for a small booklet, not a *book* book.)

The stickers were very good my son liked them a lot. I wish they were a little bigger so he could really enjoy the genius that was Picasso. These also made the museum visit more fun for him because he was familiar with some of Picasso's works.

Perfect! These stick well and the color is vibrant. Each one has the title of the painting on them.

Quality product, shipping was quick

Great book. Only received one on van Gogh. I wish I could've purchased the whole set or at least be able to pick which one I get

For Picasso lovers, or any art person! All the stickers are of his paintings and I like that there are some more of the not as well known ones featured, which makes these even more interesting to decorate a sketchbook or anything. Made me want to further research more of his works, which are so lovely! Definitely have bought more from this brand, such as the Kahlo sticker book, so cool.

Arrived for only one book, it was not set. Was a very good used, but different.

Deceptive advertising. This is a single book ... NOT the set as the product title claims.
