Rainbow Road

Synopsis

Jason Carrillo came out to his basketball team senior year and lost his university scholarship. Now, with graduation behind him and summer ending, he's asked to speak at the opening of a gay and lesbian high school across the country. But after spending years in the closet and losing his scholarship dream, what message can he offer? Kyle Meeks is getting ready to go to Princeton in the fall and trying to see as much as possible of his boyfriend Jason before they have to separate. When Jason tells him about his speaking invitation, Kyle jumps at the chance to drive across country with him. Yet he can't help worrying: Will their romance survive two weeks crammed together in a car? Nelson Glassman is happy his best friend Kyle has found love with Jason. Now he's looking for his own true love -- and hopes he might find his soul mate during the road trip. But will being the "third wheel" in a trio ruin his friendships with Kyle and Jason? During an eye-opening postgraduation summer road trip, each of the three very different boys also embarks on a personal journey across a landscape of love, sexuality, homophobia, and above all, friendship.

This is the third book and the last book of the series, and the writer had hidden such a great masterpiece for this last one. The feelings and emotions are genuine and vivid. You really can't miss the Rainbow series for the world. I am speaking as a gay (well, homoflexible) high schooler, and I am telling you that if you are afraid and curious, and somewhat hopeless romantic, pick up these 3 books and you will fall in love with Jason, Kyle and Nelson. I just love this book!

This is such an eye opening series. Being gay myself and reading this it made me realize I went through a lot of the same things that these characters went through. Amazing writing style, and just an amazing writer!!! Definitely recommend!

First of all, I just want to say that this is a teeny plot spoiler.... nobody gets bashed, beat up, hurt, ... well, we don't know about the creeps who chased them in the truck (you have to read it know what I refer to.) But I loved this book for all the excellent head and heart drama, but no beating, hurting, black eyes, etc. Just lots of bruised feelings that all get worked out in the end. I loved this whole trilogy and will read it again. The way that each character loses or ruins something is humorous and a subtle message that we are all human. It was also fun to read because I've been to so many of the places they visited on their trip and I sweetly remember getting up before dawn to see the sunrise over Grand Canyon, though it was with my sister, not my lover. The Parthenon in Nashville, Grand Ol' Opry, LA, many truck stops along the road..... I just wish Mr. Sanchez would continue with a sequel. The guys are seniors in college, now, and filled with angst about getting jobs. Please, Mr. Sanchez!

I think this is my favorite out of the three. It had lots of action, lots of funny moments, and lots of happy moments. There was lots of conflict between Jason, Nelson and Keith. (Sorry, I kinda forgot his name for a second and wasn't sure how to spell it.) It was settled in the end. That part of the book was so heartwarming. I really loved the book!

Would have given this four and a half stars if half stars were available. I'm a sucker for a good romance and this is definitely that. It does a beautiful job of taking us through the trials tribulations and rewards of a first romance in an amazing story. My only complaint is the ending. I would have loved the final chapter giving us a glimpse of life for years in the future and how they all ended up.

This is an awesome book, more and more youth should be reading this as there are situations like

this everyday. Those that critisize or judge others hiding in the closet are those that should read this book to open their eyes and forgive those that are bi, lesbian, or gay. Its not a matter of choice they made but who they are.

Very good book

I liked all 3 books in this series - but this was my favorite!
