The Vivaldi Compendium

Synopsis

The Vivaldi Compendium will serve as the most reliable and up-to-date source of quick reference on the composer Antonio Vivaldi and his music. This takes the form of a dictionary listing persons, places, musical works and many other topics connected with Vivaldi; its alphabetically arranged entries are copiously cross-referenced to guide the reader towards related topics. The Vivaldi Compendium also provides a gateway to further reading via an extensive bibliography, to which reference is made in most of the dictionary entries. These two sections are complemented by a biography of the composer and a carefully organized list of his works. Knowledge about Vivaldi and his music is still advancing at an incredible rate - many discoveries occurred while the book was in preparation - and every effort has been made to ensure that The Vivaldi Compendium represents the latest in Vivaldi research, drawing on the author's close involvement with Vivaldi and Venetian music over four decades.
