Poor conditions. The cover was ripped off and put back together with tape, looks like the entire book was wet from the pages inside, and it is written with a pen so can't erase it. Poor product.

More writing in it than expected. Everything else was great.

I really like the Italian polo book because it is written in Italian. We also have a professor who is from Italy and he explains many things that the class does not understand. It is a wonderful review of Italian grammar and I would recommend the book highly, if one needs to review Italian grammar. Last night we had comparisons, which were extremely interesting. The author explains the Italian grammar in an interesting way. The book is worth investing in, if you have taken a few Italian courses. I do not recommend this book for a new beginner.

Exactly what I wanted
