## Customer Reviews

This book is well-written, informative, and has wonderful photographs of the Cotswolds. That said, we were looking for a guide to hikes and walks in the area. While this book does discuss walks, it is not particularly useful for someone interested in a guide they can carry along on walks. It is much more of a coffee table book than anything else. Thus, if you're seeking a book to bring along on a vacation in the Cotswolds, this isn't it. If you want a souvenir book from a trip to the Cotswolds, this might be more appropriate.
