Craving (The Steel Brothers Saga)

Synopsis

After being left at the altar, Jade Roberts seeks solace at her best friend's ranch on the Colorado western slope. Her humiliation still ripe, she doesn't expect to be attracted to her friend's reticent brother, but when the gorgeous cowboy kisses her, all bets are off. Talon Steel is broken. Having never fully healed from a horrific childhood trauma, he simply exists, taking from women what is offered and giving nothing in return...until Jade Roberts catapults into his life. She is beautiful, sweet, and giving, and his desire for her becomes a craving he fears he'll never be able to satisfy. Passion sizzles between the two lovers...but long-buried secrets haunt them both and may eventually tear them apart.

"Ms. Hardt weaves magic with her keyboard, and what remains is a beautifully written first installment about two people who are broken but not destroyed... How Hardt weaves the past with the present, while keeping the reader guessing about the secrets the brothers barricade from others, is flawless."

New York Times and USA Today bestselling author Helen Hardt's passion for the written word began with the books her mother read to her at bedtime. She wrote her first story at age six and hasn't stopped since. In addition to being an award winning author of contemporary and historical romance and erotica, she's a mother, an attorney, a black belt in Taekwondo, a grammar geek, an appreciator of fine red wine, and a lover of Ben and Jerry's ice cream. She writes from her home in Colorado, where she lives with her family. Helen loves to hear from readers. Visit her here: helenhardt.com facebook.com/helenhardt

I didn't have a lot of expectations with this new to me author...but I was floored. Talon and Jade's story is absolutely riveting. The characters are all flawed but perfect, if that makes any sense. The horror that is Talon (and the Steel Brothers lives) sucks you right in. The sexy times were just hot, hot, hot. Your heart sinks and flies and you wonder what next? What will be revealed? I hated to see it end.

Can't wait for the next book in this series. Hurry hurry June!!! I feel satisfaction for Talon maybe in the horizon.

I absolutely loved this book. I couldn't put it down. I read the whole thing in a day and a half. The suspense is killing me to find out what happened to Talon and I can't wait to buy and read the other Steel Brothers stories.

I finished this book in just a few days. The story line is believable and the characters are well thought out. Hardt's writing is superb! I downloaded all of the books on my Kindle as soon as I finished the book because I couldn't wait to learn more about the Steel Brothers.

This is one of the best written books I have ever read which made it impossible to put down. I basically read it straight through. The difference between this series and Fifty Shades that I can see from the first book is that the 2 main characters-Christian and Anastasia, and Talon and Jade are

polar opposites in almost every way, especially the women. I don't want to spoil it for anyone who wants to read about The Steel family should do so quickly because it really is a great read!

This is the very first book I have read by this author, and definitely not the last. She gets your attention with the very first lines. She is very genuine with the thoughts and feelings of the characters. It was a very fast read, making you want more after it is completed. She takes her characters on a journey and makes you fall in love with the characters. The characters each have flaws, but it is satisfying seeing them develop and work through these flaws. I highly recommend this book, and am now looking forward to reading the 2nd novel in this series. Enjoy!

sex scenes are short but well written...figured early on the series should have had a different name; but would have meant that wand others would have had to use a different marketing ploy "hotter than Fifty Shades..." What a crock...fun read moves fast misspelled words and all from NY Times best seller list ??? Craving writer gets to the characters head problems quickly in book two or book series will not be read by me.

Omg... I have to admit, I only tried this book, because I came across it at my book store, and thought it sounded intriguing. I was not disappointed! Now have the next three waiting to be read! If the others are anything like this.... Wow! Fantastic job!
