Customer Reviews

Fast shipping. Great book. as described. Thanks!

Awesome

this book has many definitions of the practice of the arts, dark and light. has many terms used by occult authors and would be of some value to novices in making sense of strange (to beginners) words and concepts.

The most intense well written book on The occult!!!!!! Well worth the price . It explains a lot of complicated answers

A must have for any esoteric student this and a copy of 777 of course

Very good book to have for your collection I liked it. Many spells which I wanted for my collection.
Interesting

Now this is a very nice dictionary of the Occult. I like it a lot. Just what every good witch will need to help them with their learning. I highly recommend this. Real truth, no lies.

This is one of the essential books to add to your collection. You will not be disappointed! I got so many books on & I am completely happy with this one.
