My daughter loves this book and plays with the matching Ballerina Princess Dolls as the book is read to her.

Great book for any princess loving Ballet girl. My 4 year old daughter loves this book, she does ballet and likes to watch the Disney princess movies. It is a quick read and is easy for her to follow and memorize. She will look at the book on her own and pretend she is reading it.

My grand daughter liked it.

Super cute book. This is a perfect idea for my ballerina princess. Presenting it as part of her recital

gift today.

Nice book for beginning readers. I purchased this for my daughters 4th birthday which is going to be Disney Princess themed. She loves princesses and just started ballet. I call it a win win.

... so while my daughter does love these books and I get that they are designed to help her get ready to read they are so simple that they don't maintain my interest at all. But she does love them.

we're big fans of the step into reading books, makes for quick but fun bedtime stories. My kids love to "read" them on their own. My daughter loves this one because it combines her two favorite loves, princess and ballet!

My granddaughter loves all the Disney Princesses and the books! As long as she is happy, Graney is happy too!
