Fire In The Lake: The Vietnamese And The Americans In Vietnam

Synopsis

This landmark work, based on Frances FitzGerald's own research and travels, takes us inside Vietnam-into the traditional, ancestor-worshiping villages and the corrupt crowded cities, into the conflicts between Communists and anti-Communists, Catholics and Buddhists, generals More... iv>

Customer Reviews

Fitzgerald's Pulitzer Prize- and National Book Award-winning study of the Vietnam War remains essential reading 30 years after its initial publication. Fitzgerald's analysis differs from combat histories in that it presents the Vietnamese and Americans from a sociological point of view. This edition contains a new afterword in which Fitzgerald updates the story three decades after the American withdrawal. Copyright 2002 Reed Business Information, Inc.

This is the prize winning work of the tragic collision between two cultures - the Vietnamese and the American. --This text refers to an out of print or unavailable edition of this title.

Absolutely excellent. Extremely comprehensive.

This is a very important book to read even now. Very well researched and foot noted. I only just heard about it and wish I had read it years ago. Working out Vietnam seems to be a lifetime of work.

Good book. Really covers the subject of Vietnamese culture and how our lack of

knowledge/understanding of the subject contributed to the failed effort there.

What I like most about this book is the writer's style. The author style makes the history of Viet Nam interesting in way that connects the past to the present. Although it is a slow read it has kept me engaged.

A poetic history of the region from very early times, thru the french conflict and the american involvement. Part of the bookshelf of anyone interested in the topic.

this was one of my initial studies of the vietnam war. it opened my eyes to the vietnam culture, and how difficult our situation there really was.

Thorough analysis of the Vietnam war-- the culture and politics so woefully misunderstood by American leadership. Well written, the writing moves briskly.

if you were stationed in Vietnam during the American War you will love this book
