Thirty Classic Boat Designs: The Best Of The Good Boats

Synopsis

Thirty Classic Boat Designs presents the best of the best, selected by Taylor from his earlier books, everyone an enduring classic within the reach of a small scale builder. For each he has written an introduction reporting what new owners, and in many cases new builders, have to say. So let fiberglass look-alikes continue their reign on showroom floors, these pages are ruled by a fleet of individualistic gems, from a 16-foot daysailer to a 61-foot schooner. They come from the drawing boards of, among others, N.G. and L.F. Herreshoff, Sam Crocker, Olin Stephens - names to conjure with. This is a great book for dreamers - unless, like others, you want to build a boat to one of these classic designs and put to sea.

Customer Reviews

I have tried to get in touch with the writer four times with no luck. Can anybody out there please help me, I would dearly like to get my hands on the drawings for the beautiful 'Coggee Ketch' featured in this wonderful book. I understand not one of these 'Little Ships' have ever been built and would dearly love to change that. Regards Terry Vine.
