The Original Kama Sutra

Synopsis

Kama Sutra needs no special introduction; this ancient Indian text addressing desire and sexual love (from kissing to partner selection and sex) has acquired quite a following over decades and is the most famous ancient text on sexual matters. This classic translation from Sanskrit captures the magic of the work in English while preserving the authenticity of the original. If you've ever wanted to find out what the original Kama Sutra was all about, this is your chance.

Mallanaga Vatsyayana (India, siglo IV de nuestra era).

This book is an instructional book, Kama means love and Sutra mean lessons. This book is teaching one the act of love from a 3,000 +/- perspective. A simple, natural and intimate way which many have forgotten. Puts life into a new perspective and opens one's own sexuality! Enjoy and take notes.

This is a clear and clean reprint of Burton's classic annotated translation. Despite some modern motivated and politicised translations cramming academic marketplace and accusing the Victorian scholar-traveler Sir Richard of mistranslation, his pioneering work still commands gratitude of readers, lay and specialists alike. My only criticism of this awesome work has to with a single instance. I found his calling lovemaking "sexual congress" rather amusing, albeit not wholly inaccurate.

It's a great read and it shows me how 2 look at love from another perspective

It doesn't have illustrations; I would've avoided buying it if I got a chance to check in a brick and mortar shop. You can't condense a book like this, a classic that transcends time.

The book I received had the Kama Sutra cover, but Greek Mythology content written for little children! A complete sham. Someone's idea of a bad joke... or worse.

This is a very good translation. It is a real classic which can enlighten the student of culture. A great window into the antiquities.

This \$5 wasted! At the end it is announced that this 10% of the book. Maybe I accidentally brought a trial.

Interesting very interesting/a culture accused of belittling women...spent a lot of time studying how to please them how to know their moods etc.Very 50/50 and modern in it guidance.Of course you do have to interpret ancient culture to the times but that is a given I hope.
