This is a great book for the car. It's nice to switch it up with listening to the story and reading along

to the book. It is also the same voices from the movie. We purchased this for driving to the beach (a long car ride) but it's also great just for a 15 minute trip. I highly recommend this book!

a good book with CD. the description said this book has 132 pages, but actually it is only 18 pages.

I got a ton of these Disney CD Read Along Books for my first grade listening center. My kids really love them since many of my students are already familiar with most of these stories. This seller was better than others.

my wife is a teacher at preschool, she always order some DISNEY book for her class

This is a great way to get my son into reading. This make it easy for him to follow along while enjoy the action of the characters voices.

Great book/CD

My son loves listening to this in the car. The audio CD is very good with a lively reading of the story. Only issue is that it gets a little tiresome to listen to it repeatedly because my son loves it so much.

Good product
