Baby Be Kind

Synopsis

Even babies can be kind, and for the youngest of children, Jane Cowen-Fletcher's endearing artwork makes the possibilities ever so appealing. What are some easy ways to be kind? Say hi to your friend. Be nice to your puppy. If you see someone fall down, maybe you can help them up! How about sharing your cookies or crackers? Or giving a tired someone a ride in your little wagon? From taking turns to saying you're sorry, trying not to be angry to giving a big hug, these simplest of gestures, rendered in Jane Cowen-Fletcher's adorable style, show that being kind feels so good that even a baby will want to try it.

Customer Reviews

Jane Cowen-Fletcher is the author-illustrator of numerous books for children, including *Hello, Puppy!*; *Baby Elf's Christmas*; and *Nell's Elf*. She lives in South Berwick, Maine.

This is such a wonderful book! The message is so important and I believe even very young children will understand it. I give this book as a gift to everyone I know who is having a baby along with *Spoonful of Sweetness* and *Paper Bag Princess*. I don't think you can start too soon to instill kindness in children.

I was hesitant about this book given the inconsistencies of the reviews, but I decided to get it

anyways and I'm glad I did. We just received this book today and my 3yo daughter seemed to really like it. We read it a few times during the first sitting. We've had issues with sharing in general and I think this was exactly what we needed - something to show kindness as an observer vs being shown kindness first hand or worse, just being told. I don't think it's going to solve anything, but definitely helps start the conversation.

This book is a favorite for my 2 year old twins and probably ranks among their top 5 books. I would say that it became really great for them around 18 months, and they still love it now, at almost 3 years old. It has such cute pictures, nice rhymes, and a theme of kindness that doesn't wear on me like some of the other books. In addition, it has just the right amount of text for this age - not so little that there is no substance, but also not so much that the kids lose focus.

This is a great book for toddlers and children. My toddler son LOVES books and has had a little issue at daycare with being a little aggressive, he's a big boy and so when he's aggressive then it's a bigger deal than when a smaller kid is aggressive. He's very sweet and gentle and nice but also a little moody at times (he must get that from his dad LOL!) Anyway, we ordered a small collection of board books to help him understand better ways to control his emotions and redirect that negative behavior into something positive. This book is great and I'm so happy that I got it for him. I love that it's a board book because it's easy for him to turn the pages and the book has simple words and offers positive choices for my toddler. This is a great addition to his library and I'm pleased that we have it!!

Sweet book and a good one to read with an aggressive toddler!

I've been reading this to my 2 year old daily to help teach her manners. I've noticed she's using please and thank you more, so we're off to a great start.

We love this book and I really like the good messages it sends and how they are portrayed in the books. Very heartfelt!

I wanted a book for my toddler that teaches kindness, and this does just that. It's simple, sweet and entertaining. But parents of children with severe food allergies might want to skip this since it encourages sharing food. Since my daughter is allergic to peanuts/treenuts, I skip that page!
