Accounting For Social Value

Synopsis

When organizations use social accounting practices, they are able to measure their performance in terms of benefits accrued to key stakeholders such as their communities, human resources, and those investing in the organization. This innovative change in accounting can lead to a fundamentally different perspective on the value of an organization. Through case studies of organizations that have implemented social accounting in the United States, Canada, India, and Scotland, *Accounting for Social Value* provides a unique perspective for understanding key issues in this growing field. Building on two related titles, *Researching the Social Economy* (2010) and *Businesses with a Difference* (2012), *Accounting for Social Value* offers academics, accountants, policy-developers, and members of non-profit, co-operative, and for-profit organizations tools and insights to explore the connections between economic, social, and environmental dimensions. The lessons learned are valuable not only for other social economy organizations, but also for organizations in the public and for-profit sectors.

Book Information

Paperback: 272 pages

Publisher: University of Toronto Press, Scholarly Publishing Division; 1 edition (January 25, 2013)

Customer Reviews

“This collection will be of great value to social economy practitioners, accountants engaged in critical accounting practices, and scholars of business, economics, and the social sciences alike.” (Sonya Scott ANSERJ: Canadian Journal of Nonprofit & Social Economy Research vol 4:02:2013) “This book provides a practical rare insight into the possibilities and challenges associated with the process of social accounting in social economy organizations.

The volume should interest managers, and leaders of social economy organizations, as well as consultants, students, and scholars specializing in social accounting. (George E. Mitchell Voluntas vol 25:01:2014)

Laurie Mook is an associate professor in the School of Community Resources and Development at Arizona State University.
